

HEInnovate is an initiative of the **European Commission** and **OECD** that helps Higher Education Institutions become more entrepreneurial, innovative and future-ready. It offers **a complete framework for change** – guiding you from reflection to action. With HEInnovate, your university can **assess its current position, design action plans and access practical resources** to turn ideas into impact.

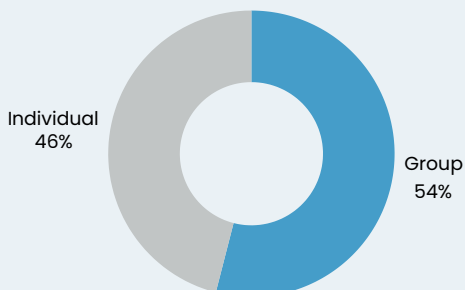

How many people have used HEInnovate?

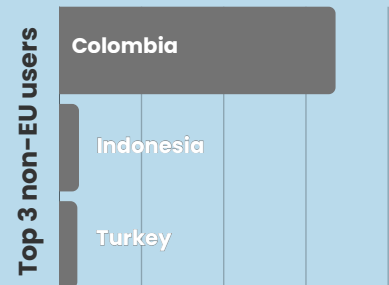

Who are they?

Do they use it alone or collectively?

In 2025:

Proportion of users from EU vs. Non-EU
