

HEInnovate is a **free, confidential self-reflection tool** for Higher Education Institutions to assess their **innovation potential**. It identifies strengths and weaknesses and **fosters discussion** on the entrepreneurial and innovative nature of each institution, tracking their **progress over time** across eight key areas and guiding them through prioritisation and **action planning**.

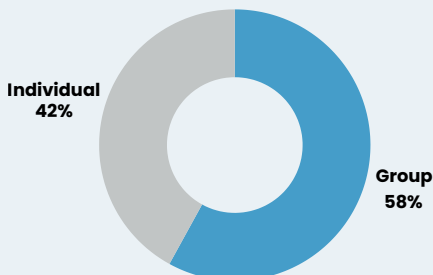

How many people have used HEInnovate?

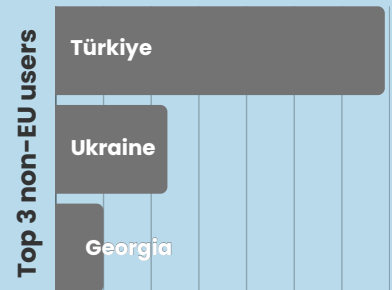

Who are they?

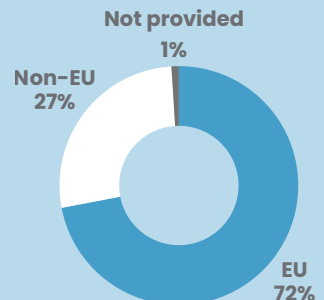

Do they use it alone or collectively?

In 2026:

Proportion of users from EU vs. Non-EU

Online events and in-person workshops

We continue to expand the reach of our tool. This year, we have done **over 12 in-person and online events**.
